FEATURING

DISASTER!

The new dam is almost completed. Johnny and Jim practise BMX bike stunts along the top. But as Johnny tries a daring handstand, he loses control of his machine and catapults over the railings! It seems nothing can save him.

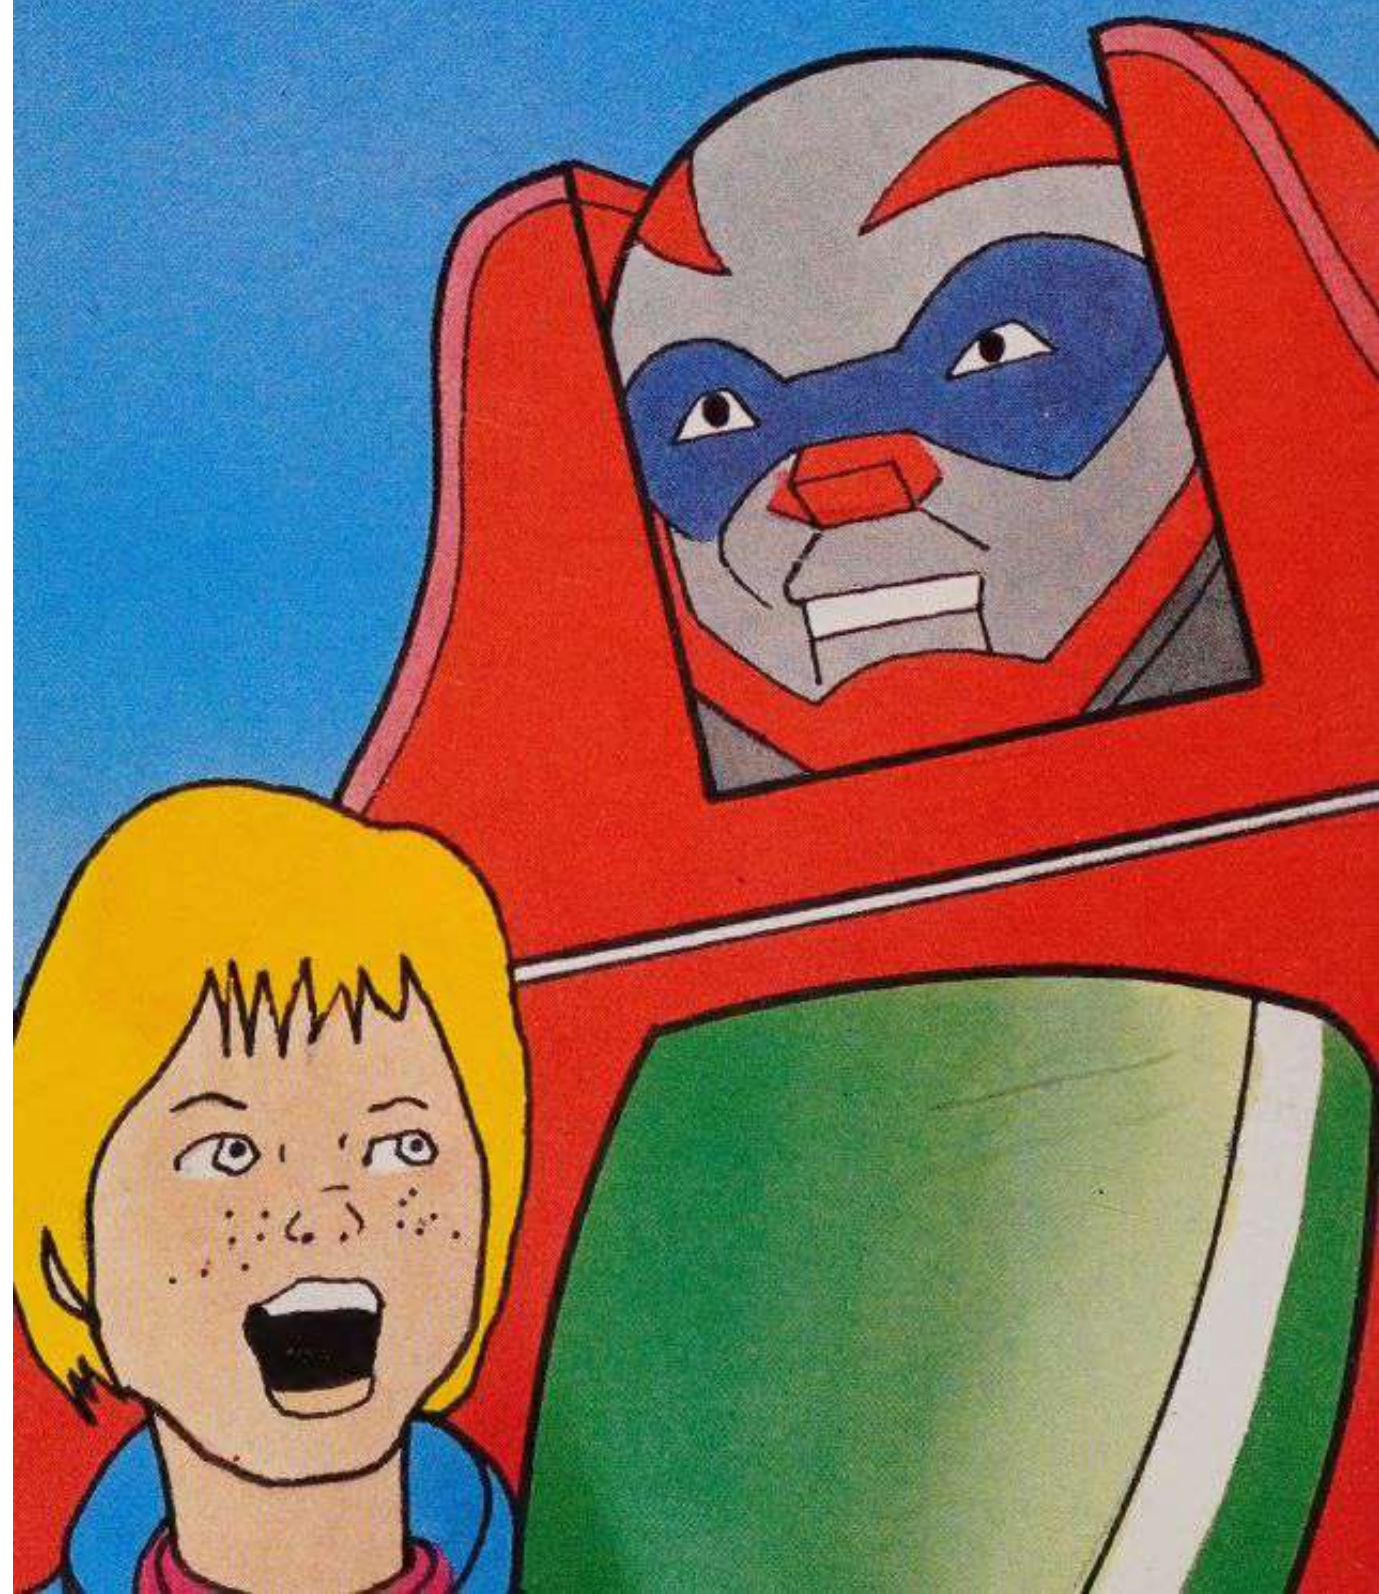

And then, amazingly, one of the giant cranes starts to move and change shape! Johnny's falling body is plucked from the air by a pair of giant GoBot hands. Turbo – on a secret surveillance mission against Professor Braxis and the Renegades – is forced to blow his cover!

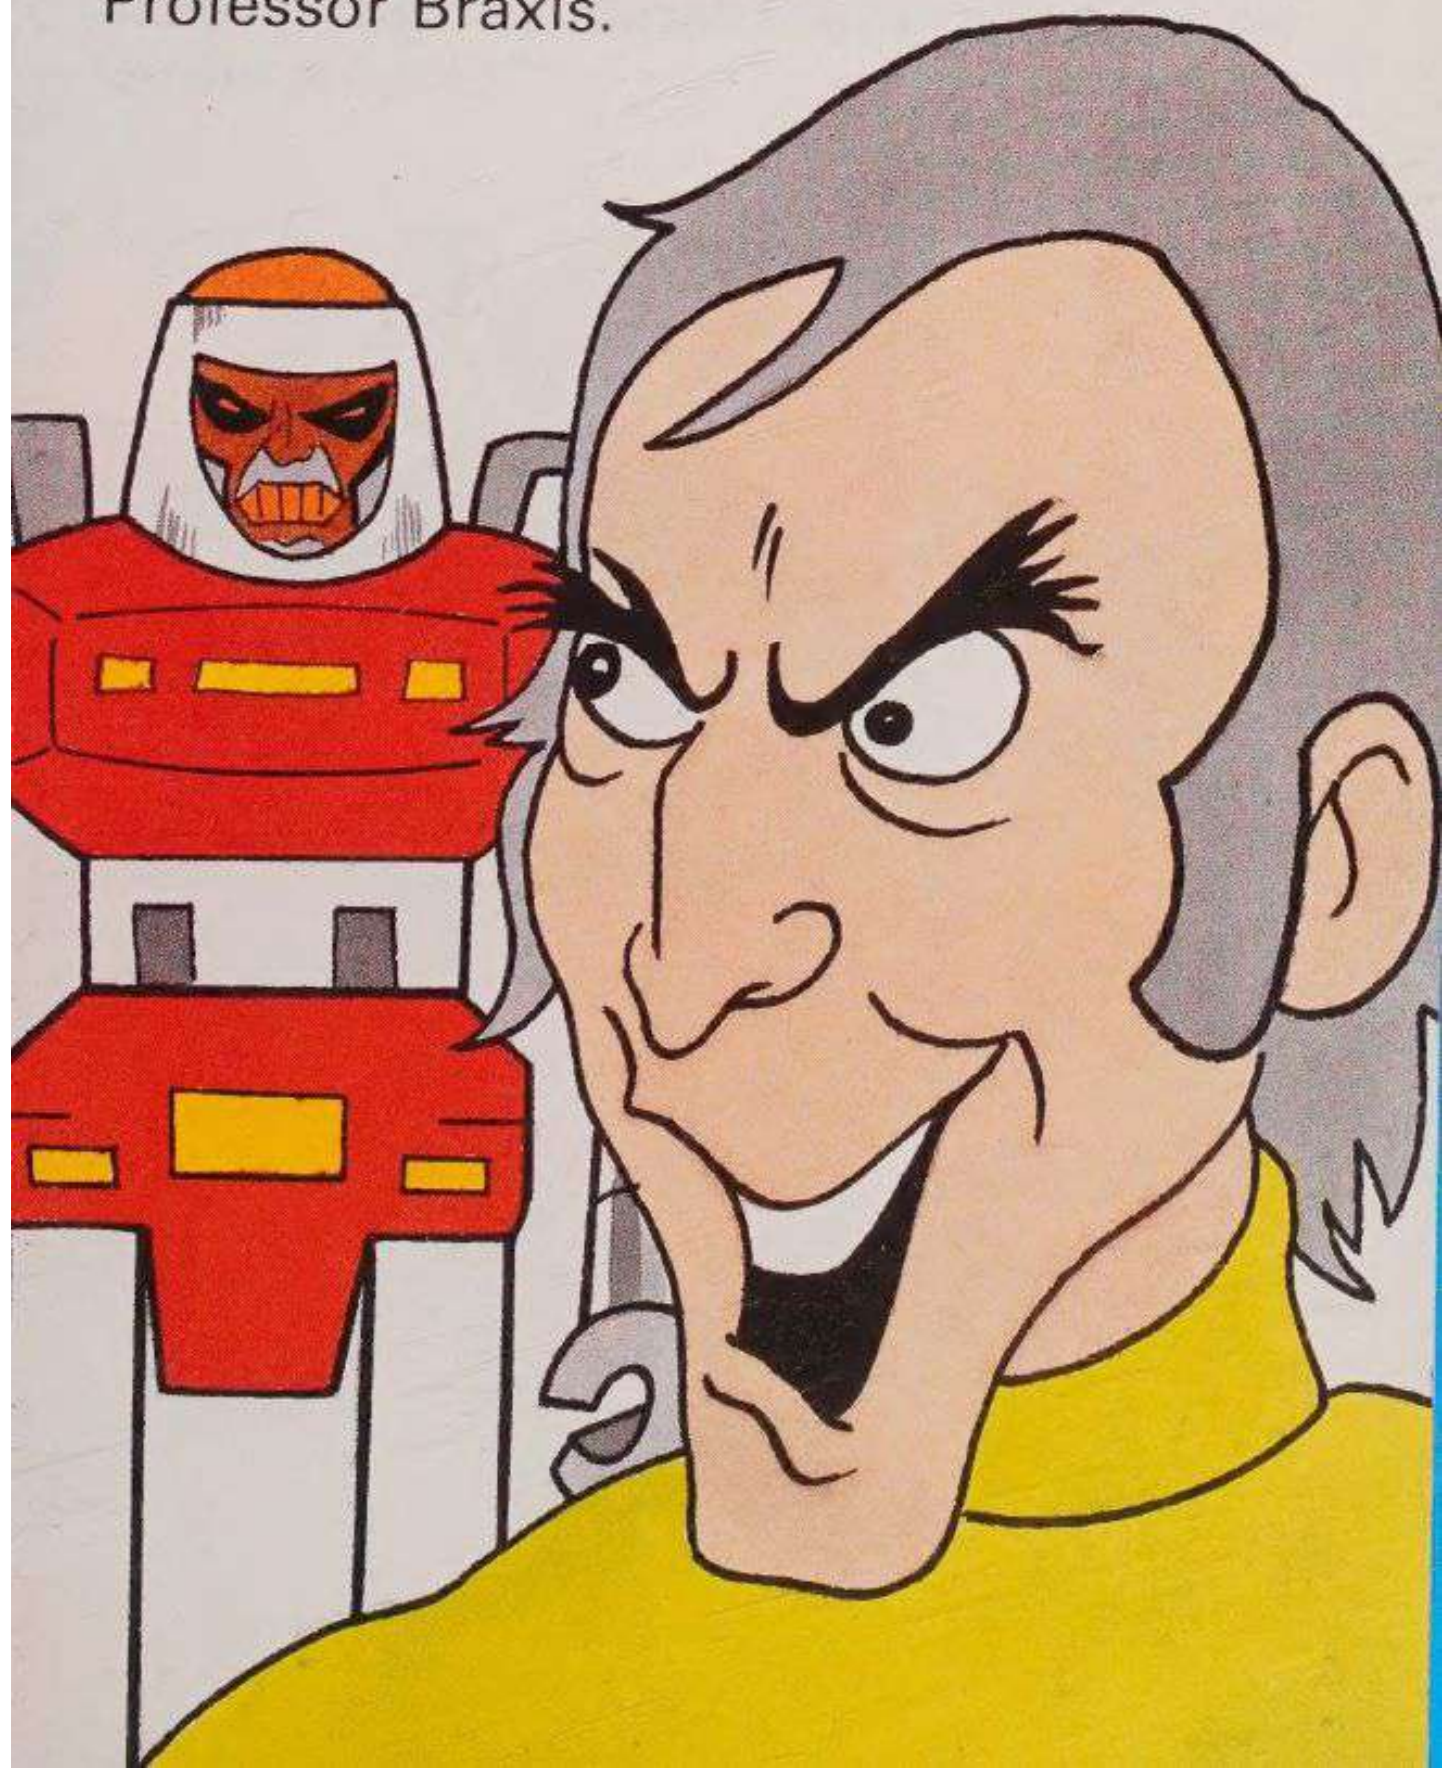

Turbo places Johnny gently back on the dam. The two boys are almost overwhelmed with excitement. They have witnessed the magnificent GoBot Guardian in action, but they know that no adult will believe them!

"Be more careful in future," warns Turbo.

In Professor Braxis' nearby hideout, Turbo's sudden action is picked up by the evil Cy-Kill's sensors. "There's an accursed Guardian near here!" he roars.

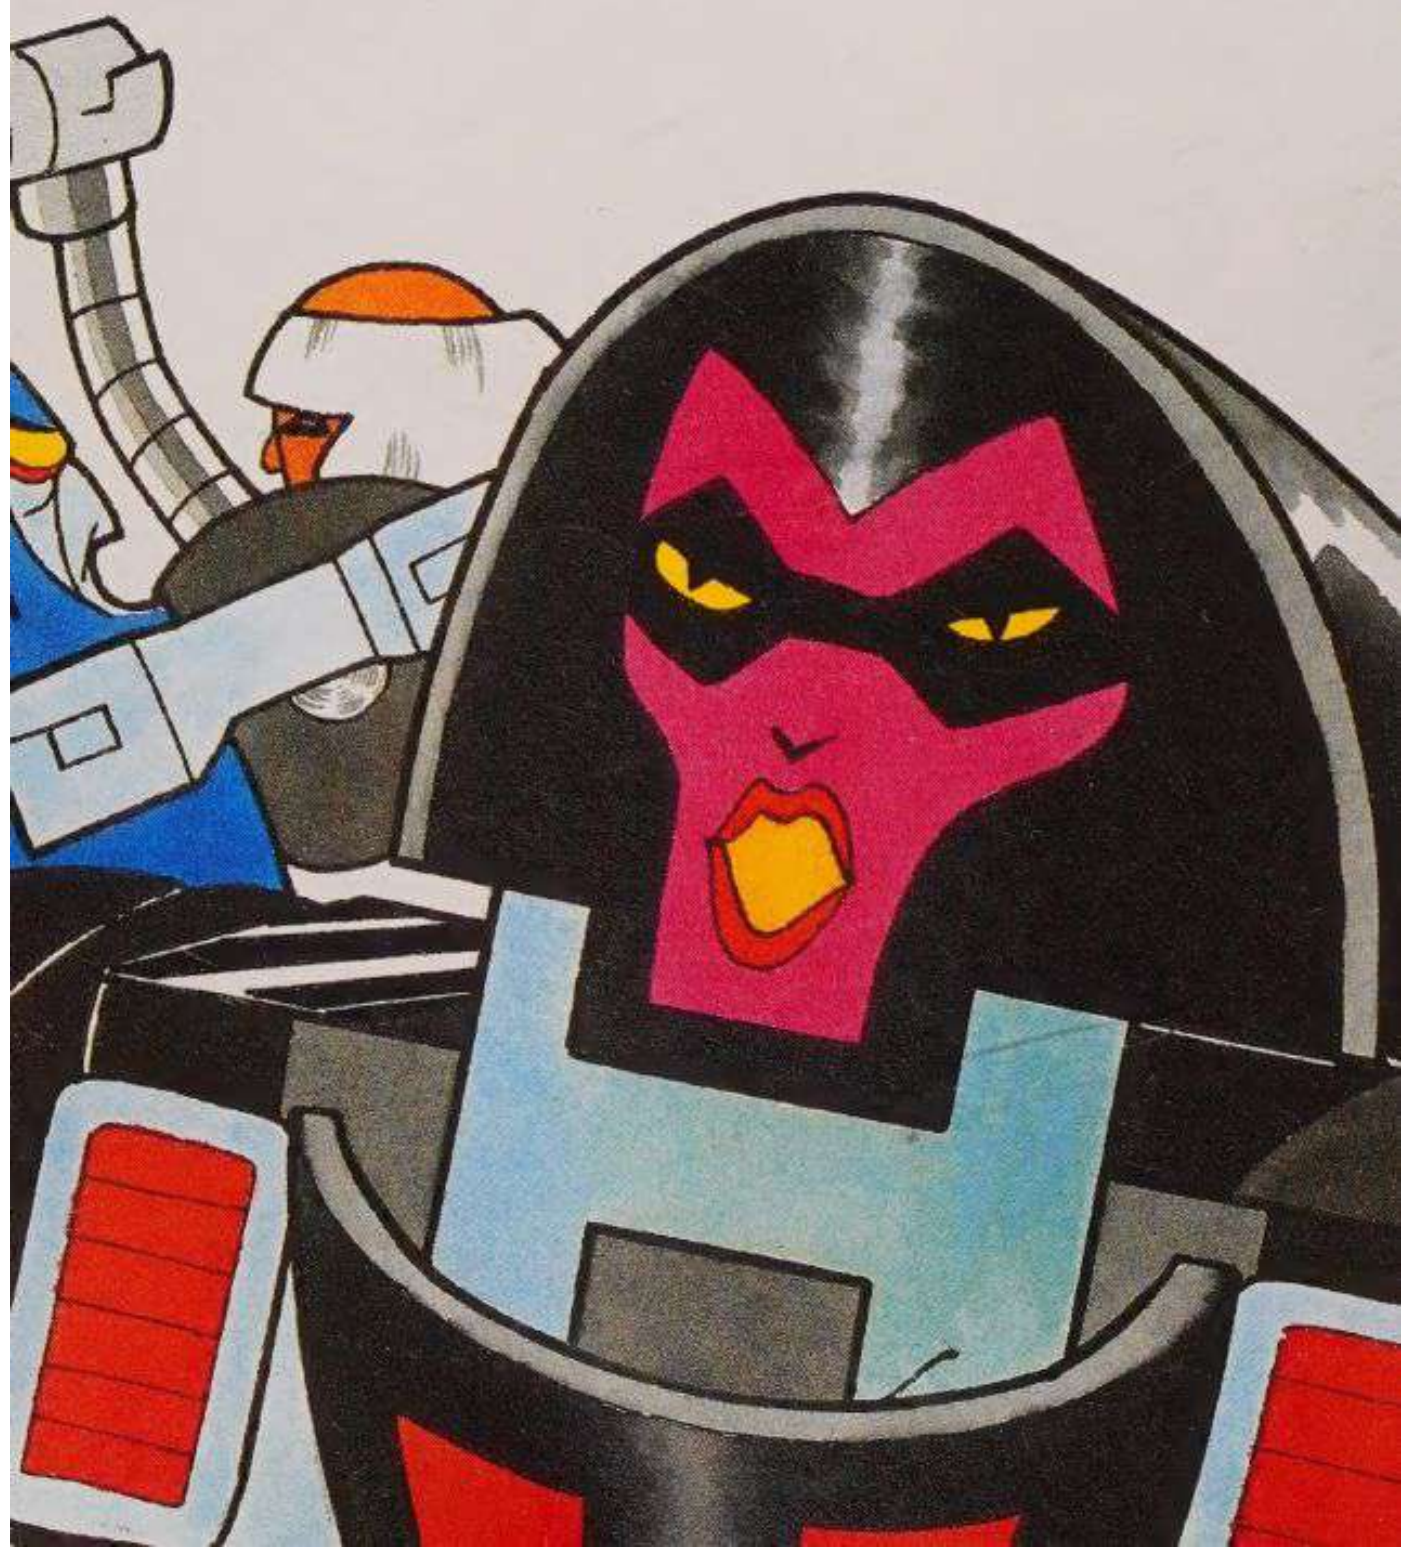

"Go forth and destroy!" urges Professor Braxis.

"Crash! Bash! Smash! Trash!" shrieks Crasher as the Renegades attack.

Turbo soars into the air as Cy-Kill and Cop-Tur open fire.

Johnny and Jim watch with open mouths as the titanic struggle takes place!

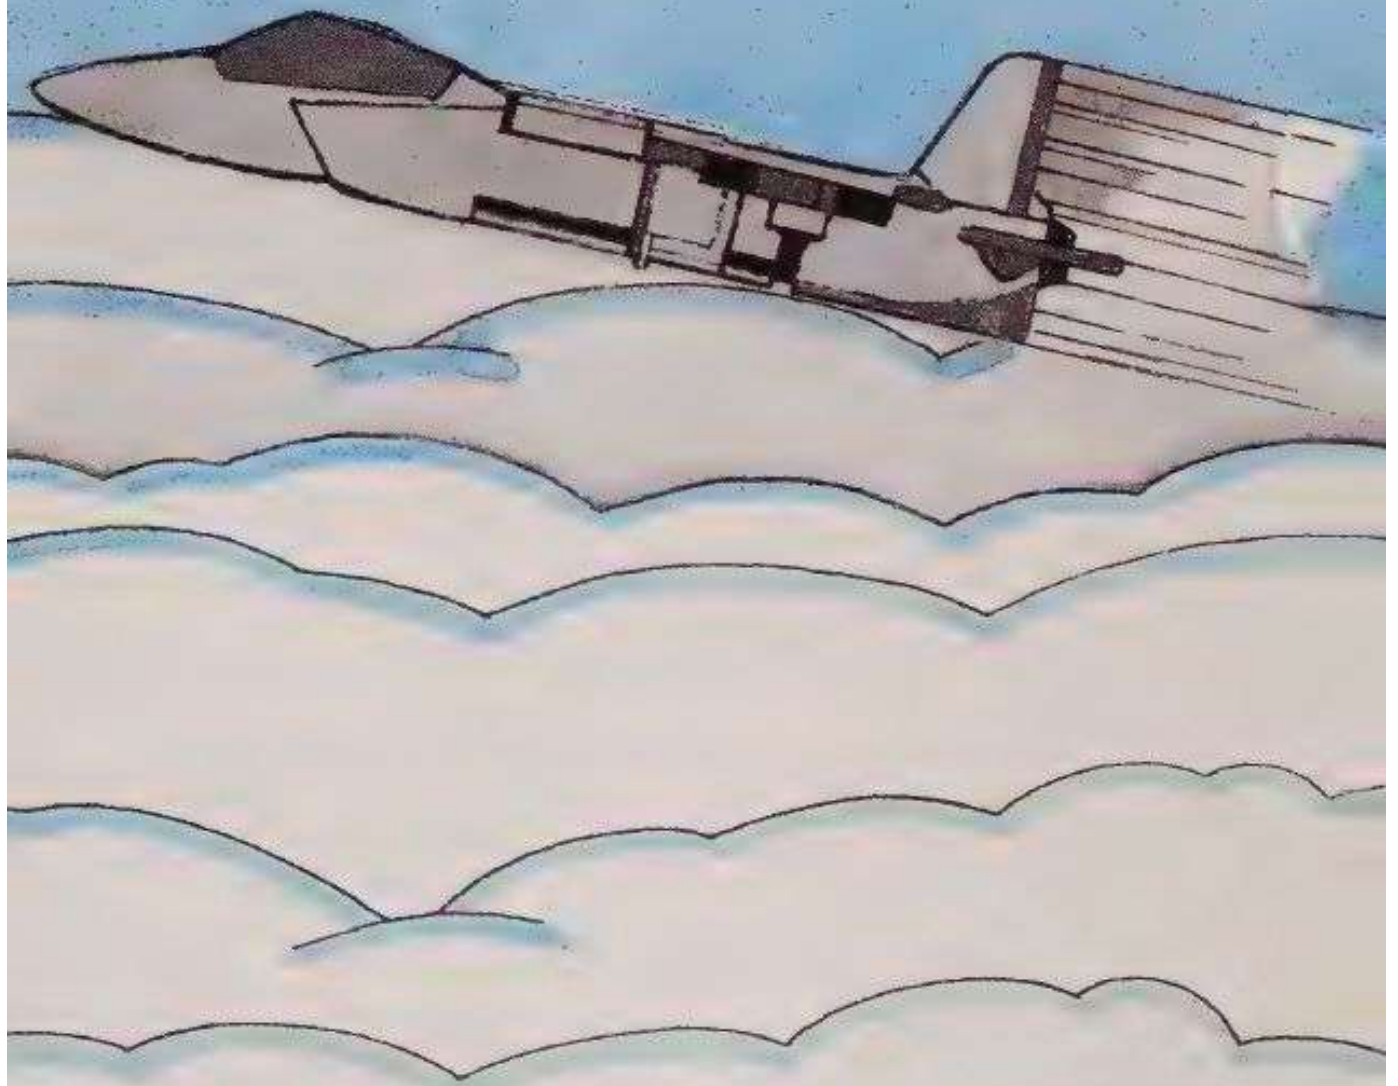

Back at Guardian Command Centre, Matt Hunter, A.J. Foster and Nick Burns are having a meeting with Leader-1 and Scooter when the computer picks up a distress signal.

"It's Turbo!" declares Scooter. "He's under attack!"

"You stay with Scooter," Leader-1 tells Nick. "I'll take Matt and A.J. along to help Turbo!"

He changes into his sleek jet shape and in seconds is ferrying the two AstroCorps members to the dam.

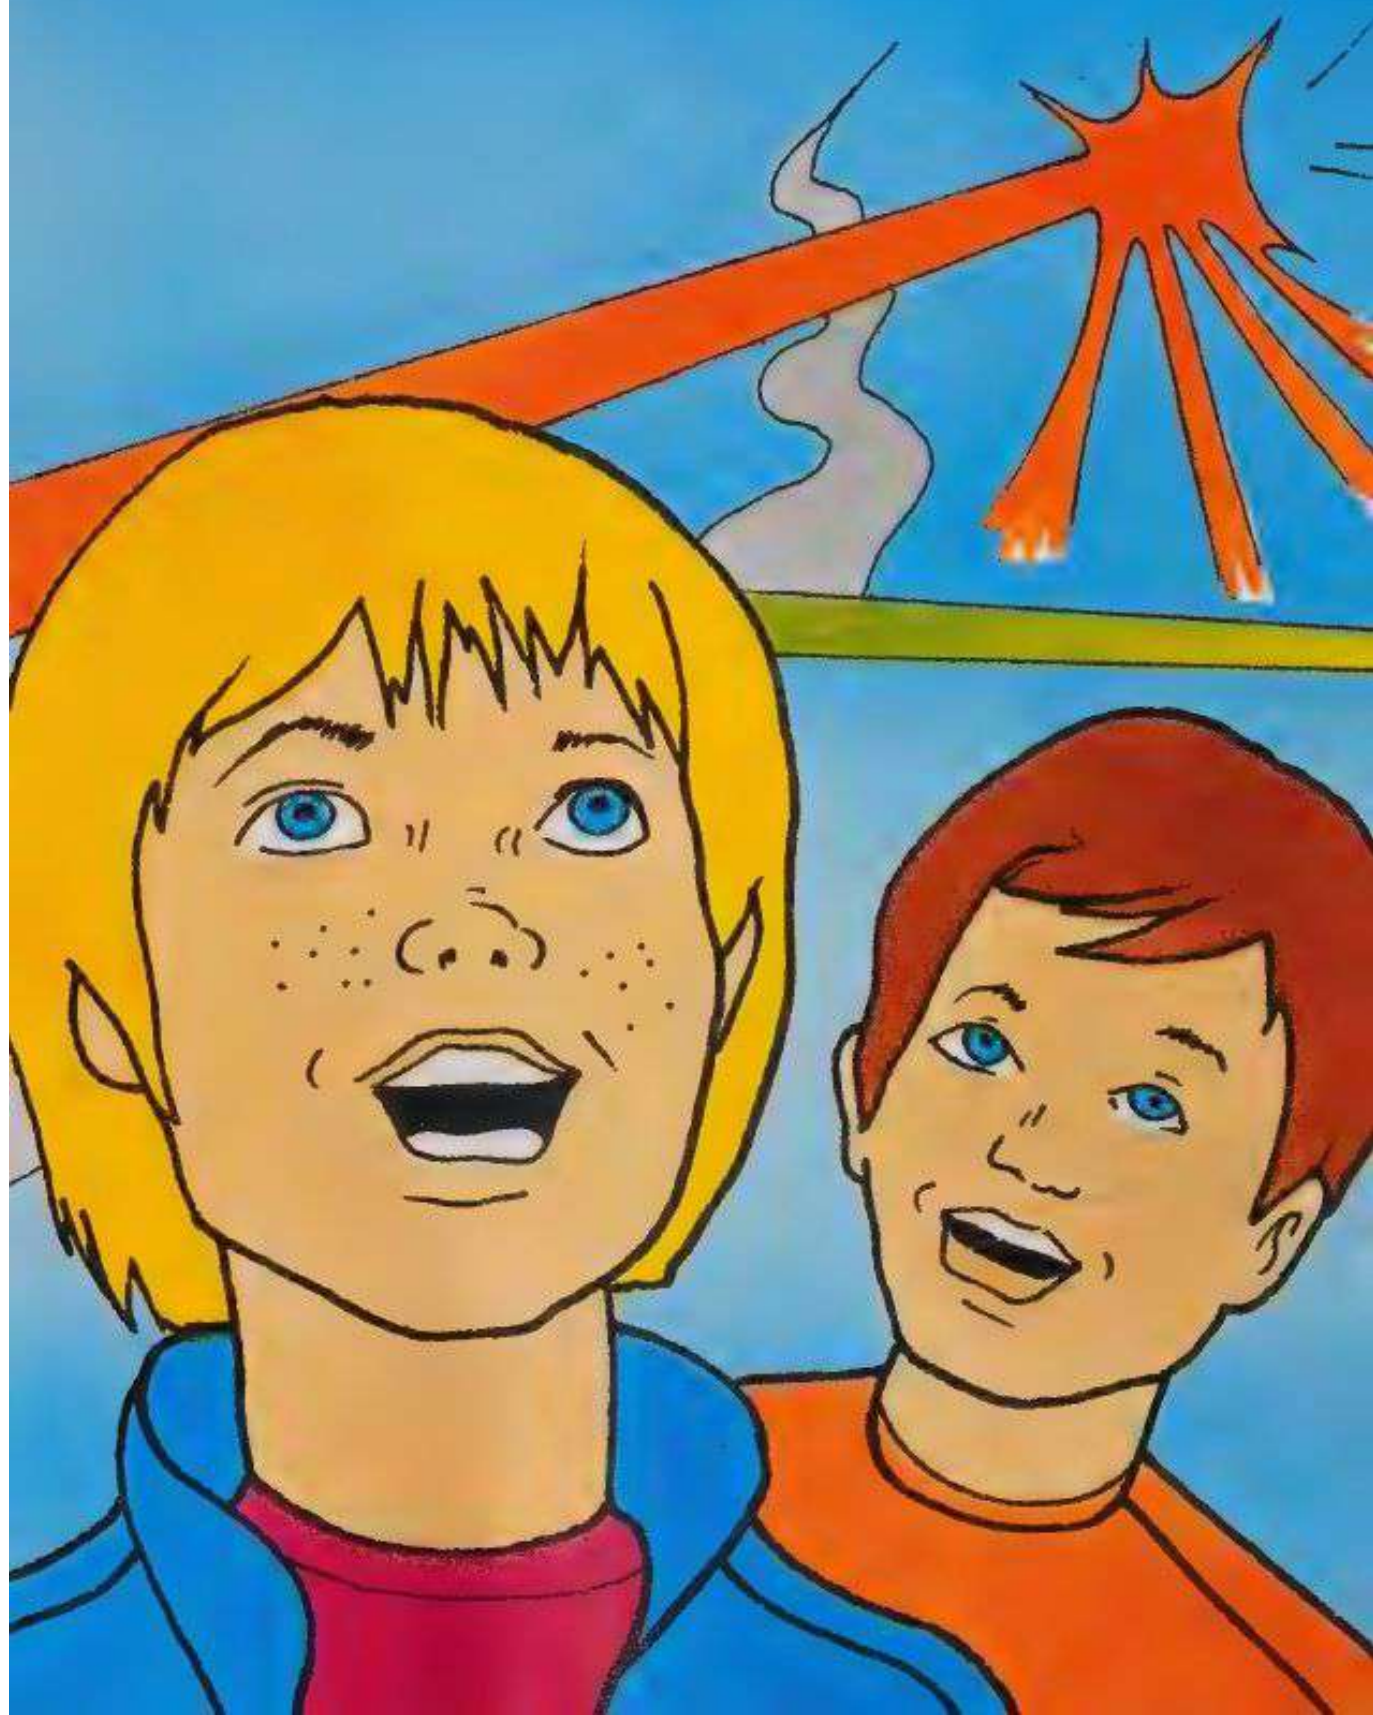

Leader-1 quickly joins the fray. He blasts Crasher right in the circuits as the mechanical maniac tries a sneaky attack on Turbo.

Turbo dodges a blast from Cop-Tur and opens up on Cy-Kill.

On the ground, Johnny turns to Jim.
"Do you think it's all fake?" he asks.
"Like in a movie?"

"No way!" answers Jim. "This is the
real thing. Let's run home and get a
camera!"

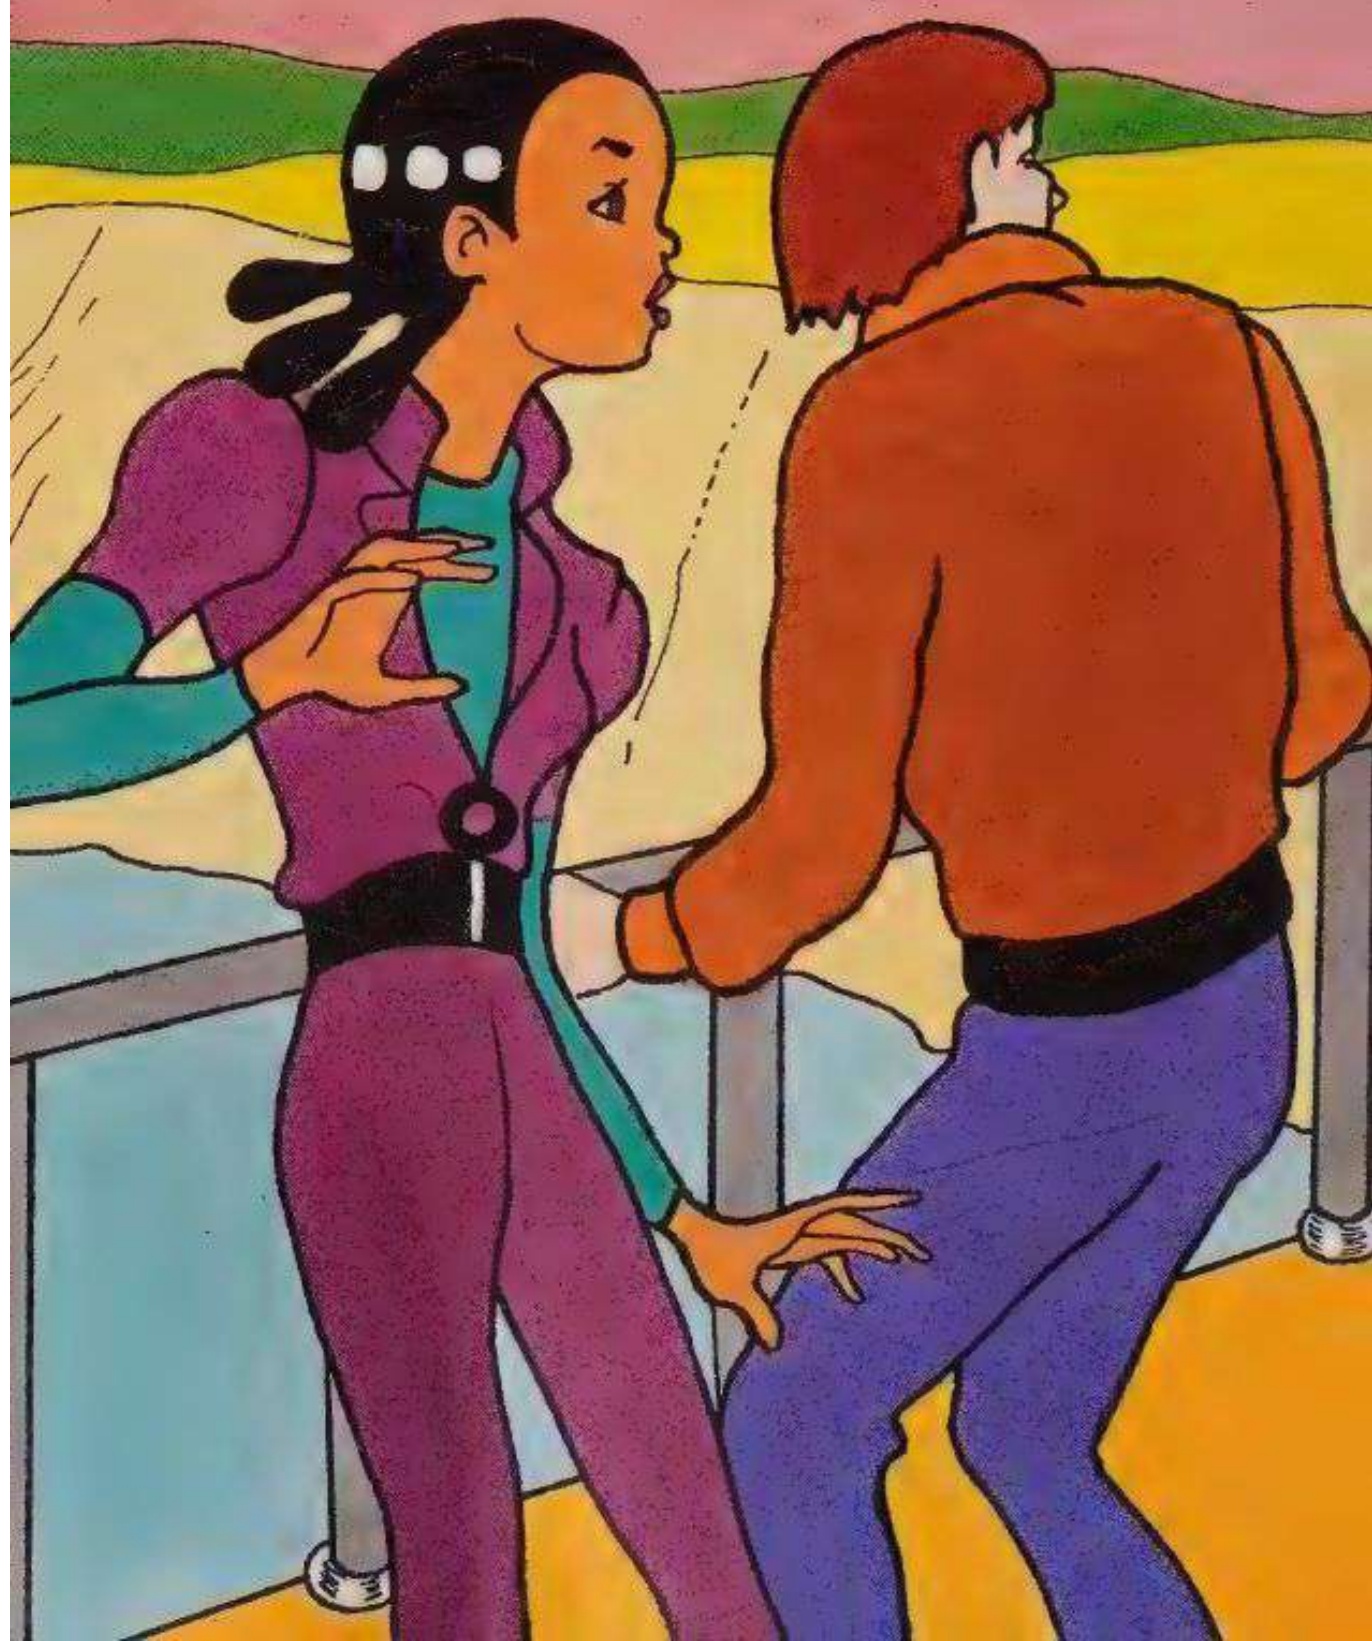

As the boys rush home, Turbo picks up one of the giant cranes and brings it crashing down on Cop-Tur's head. The cab is wrecked but the vicious Renegade remains standing.

A blast from Cy-Kill hits Leader-1.

"It's too dangerous," says Leader-1, changing shape and placing Matt and A.J. down on the dam. "Wait here until the battle is over!" He changes back his shape and roars off into the battle once again.

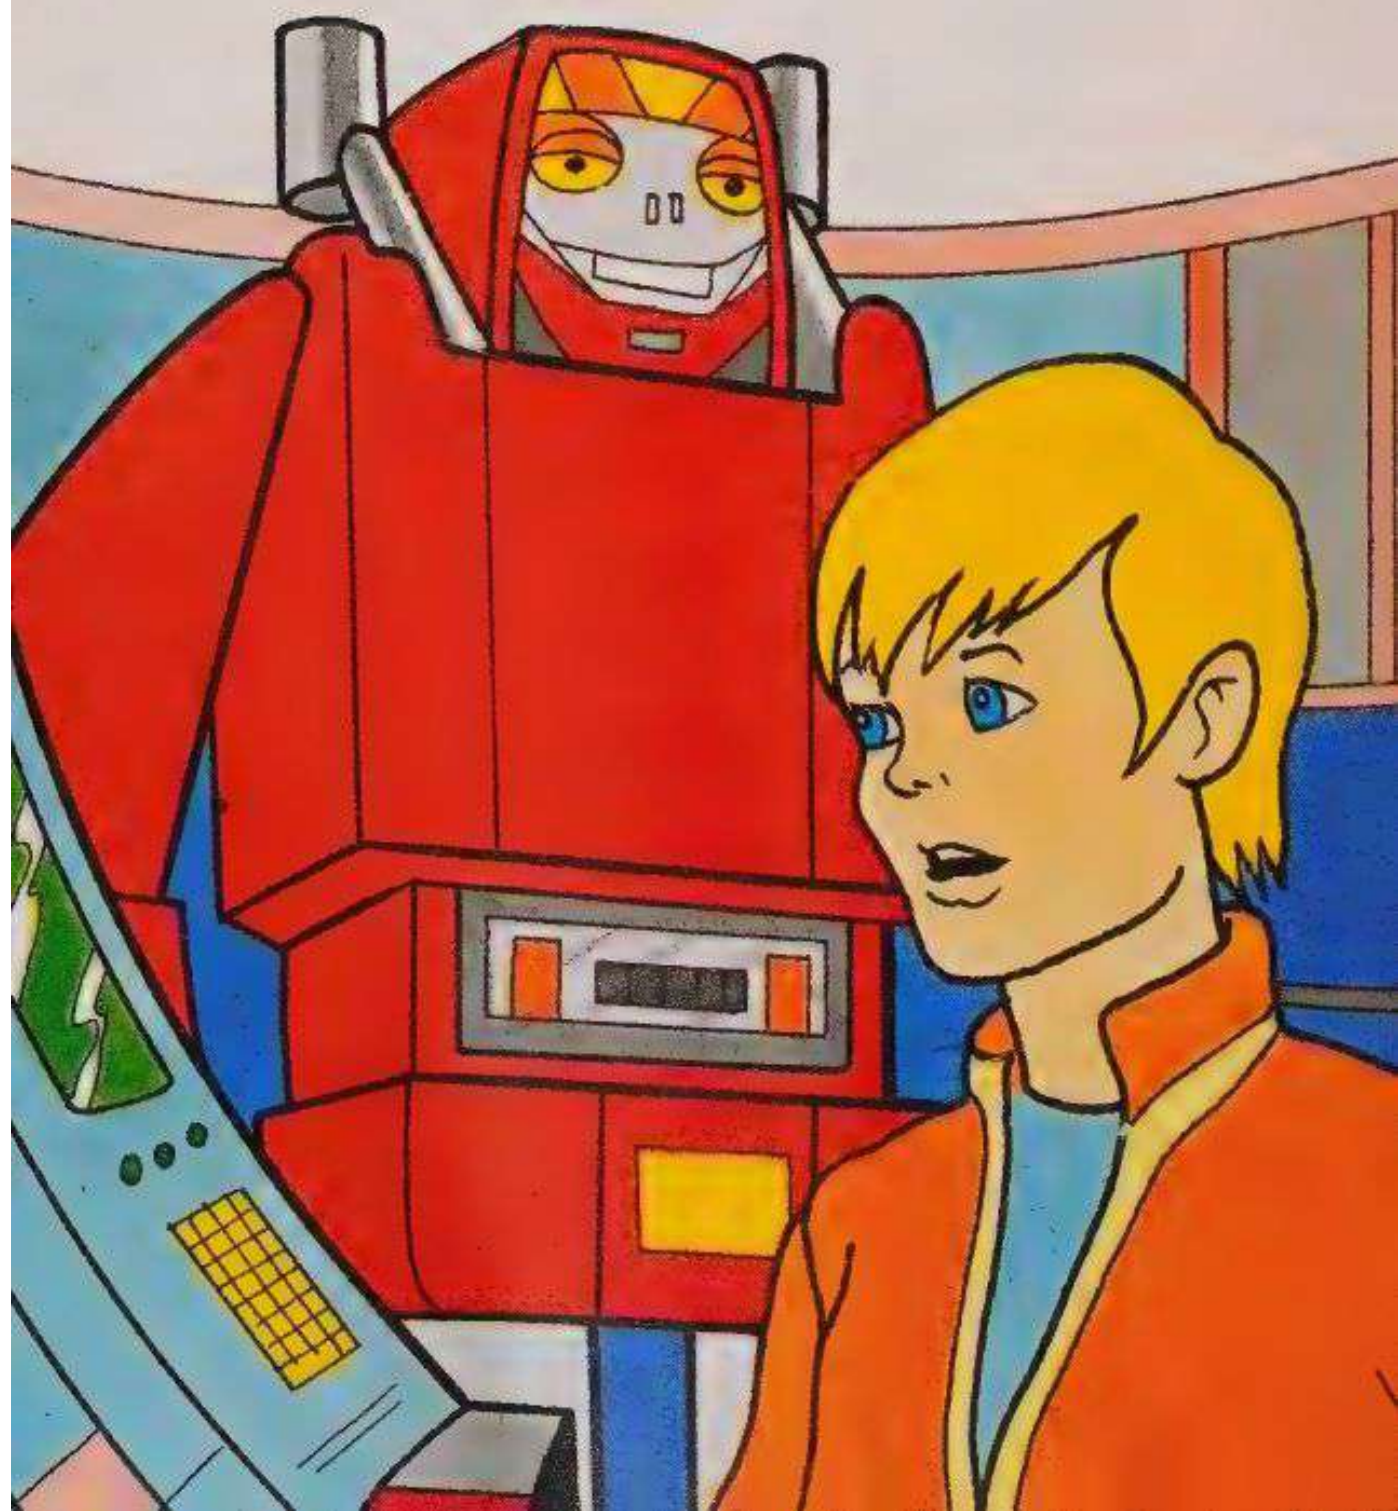

While Turbo and Cop-Tur engage in a gargantuan test of strength, Leader-1 swoops down on Cy-Kill with all guns blasting. Cy-Kill returns the fire and the stricken Crasher struggles to get back into action.

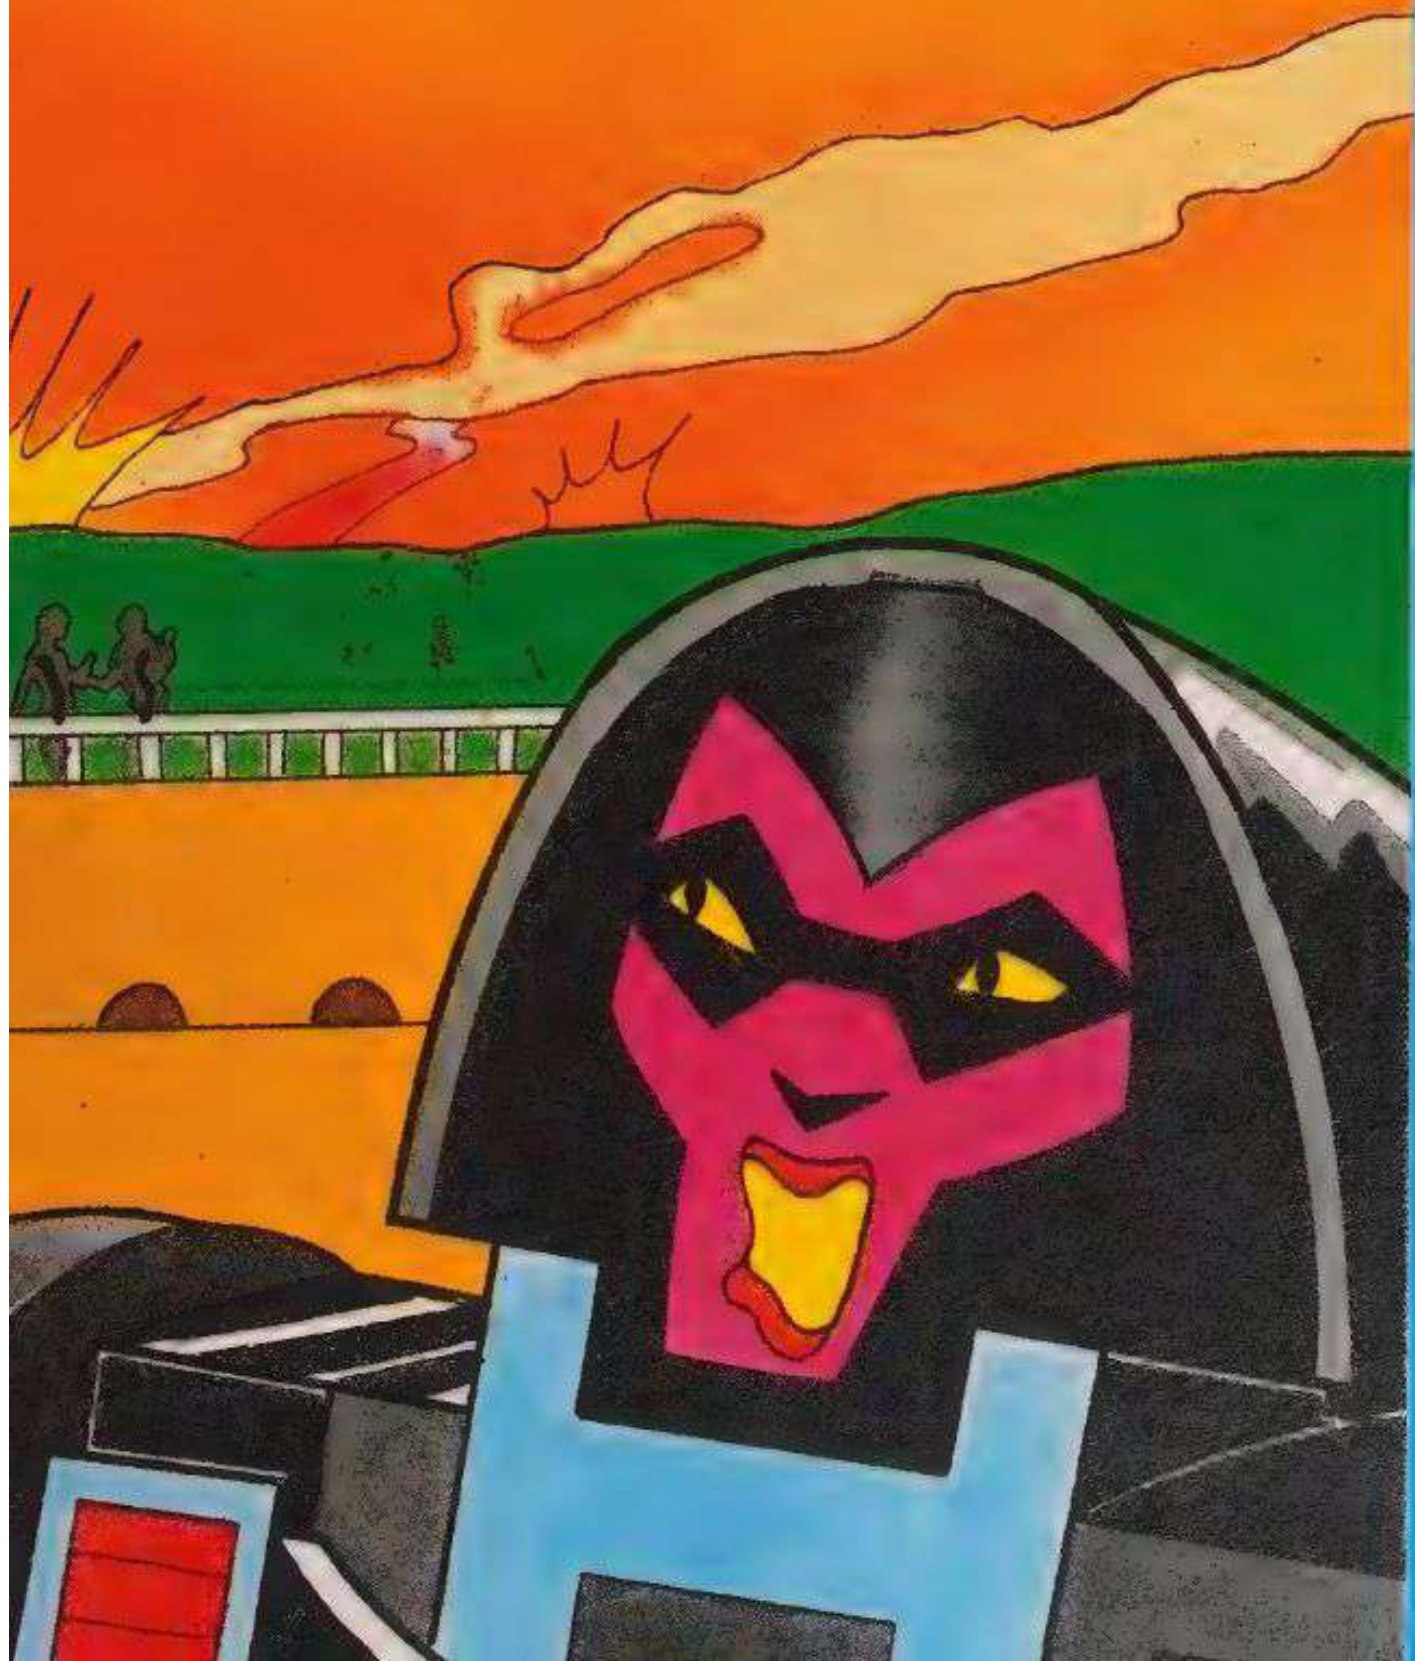

At the Command Centre, Nick is getting nervous. "We can't just sit here and wait it out," he tells Scooter. "We have to go and help the others!"

Soon, they are speeding through the sky.

As Scooter and Nick race to the scene, Crasher spots Matt and A.J. on the dam. She is too weak to take on Turbo and Leader-1, but the two humans make excellent targets. Laughing madly, the heartless Renegade takes aim . . .

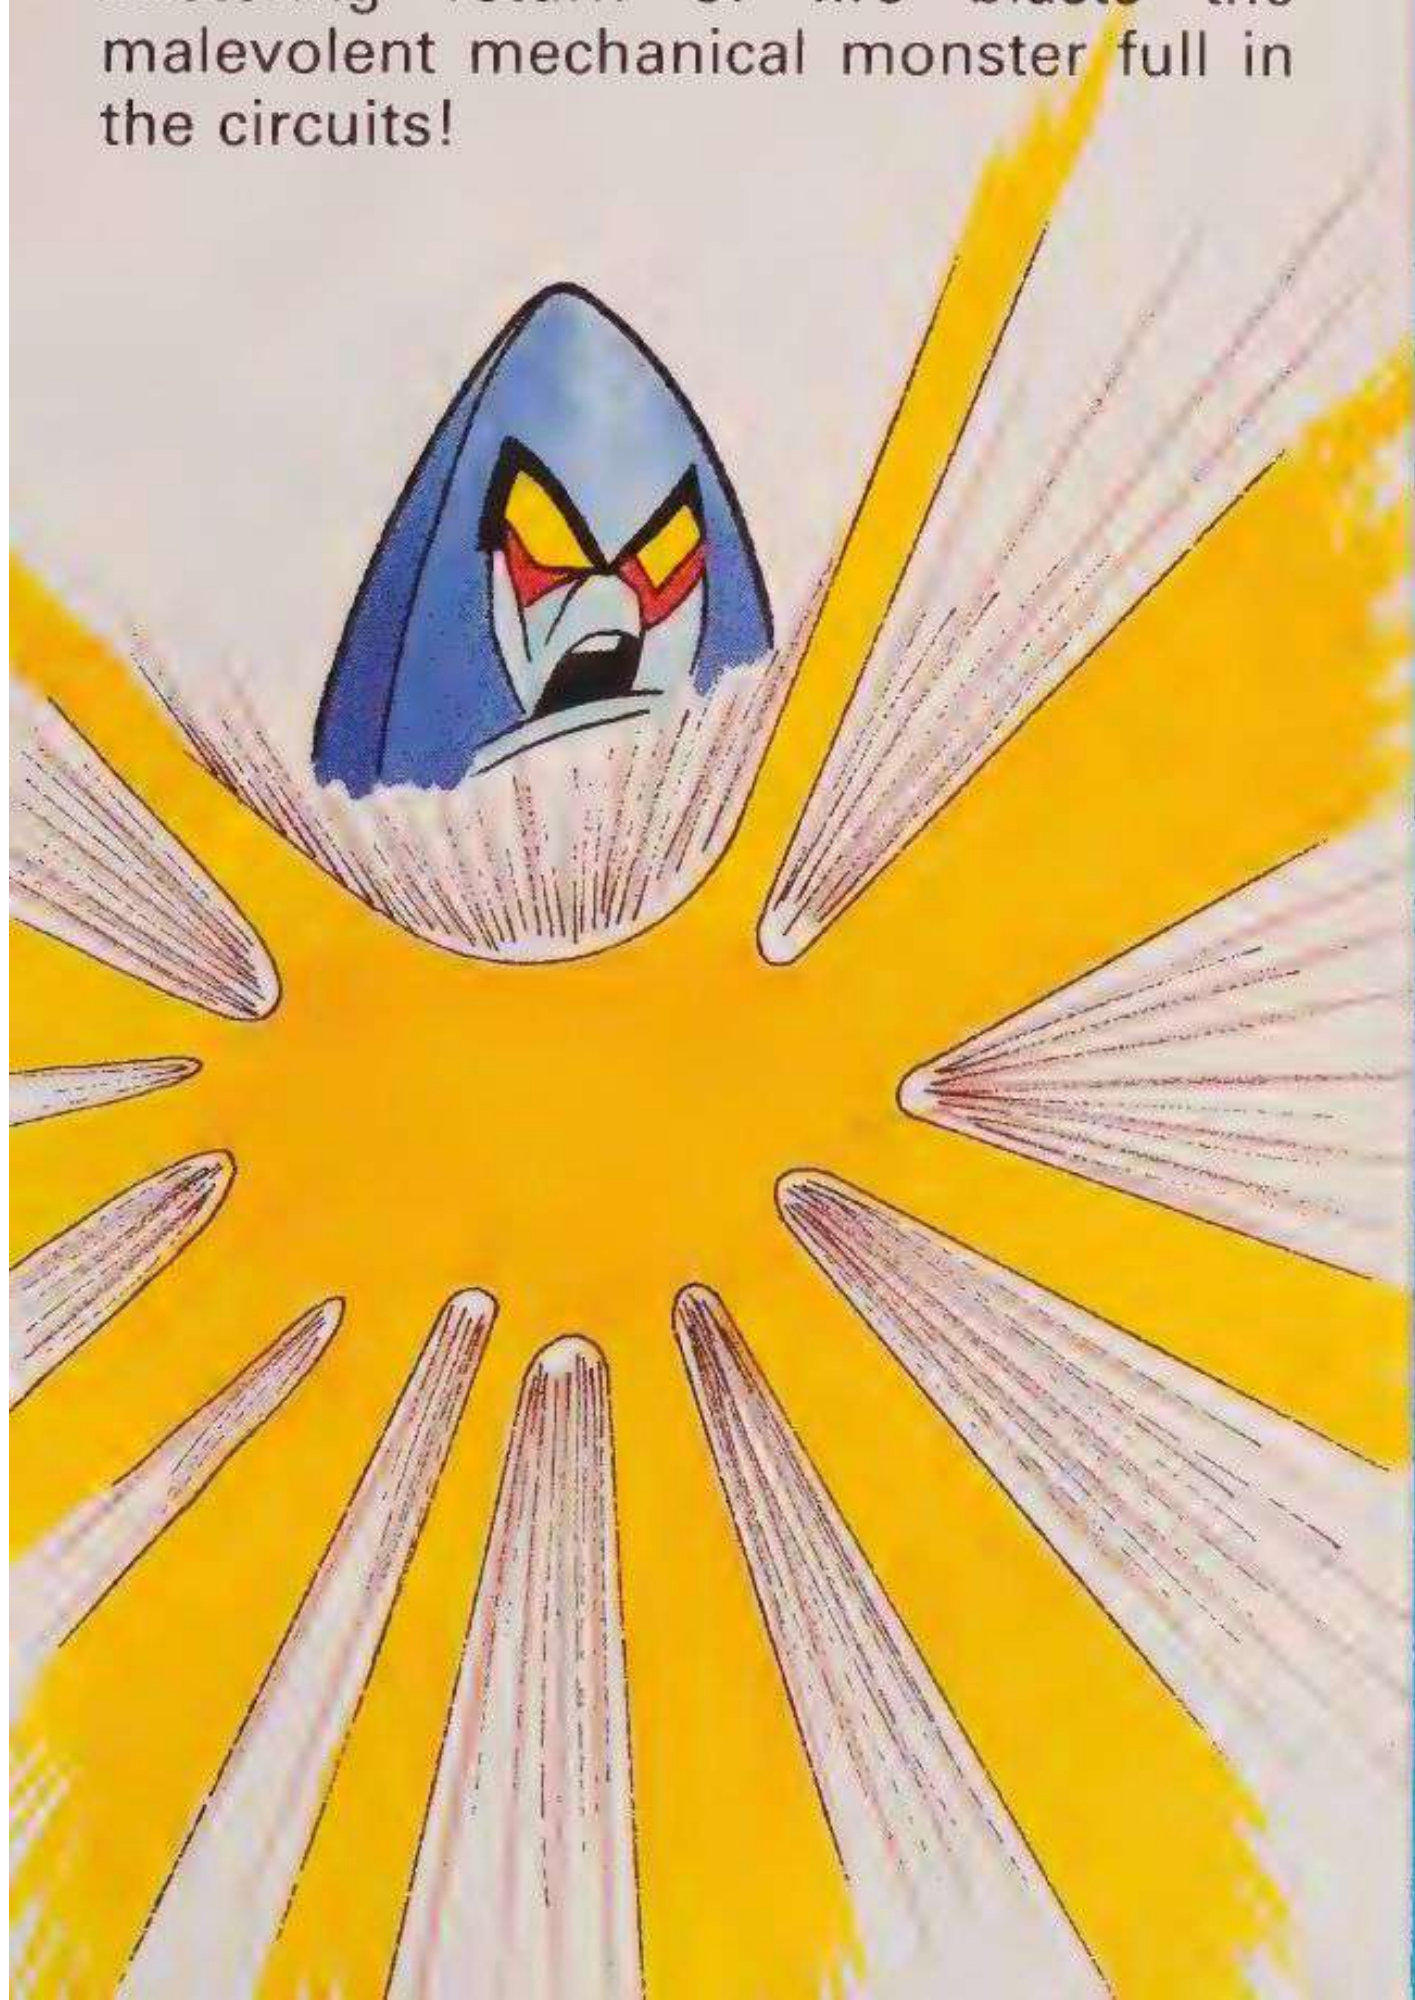

And then Scooter appears with Nick, skimming over the top of the dam and firing off deadly energy bolts at Crasher. The blasts strike home and the shrieking GoBad skulks away, trailing oil.

Cop-Tur and Turbo keep blazing away.

Turbo is hit in the jets but his blistering return of fire blasts the malevolent mechanical monster full in the circuits!

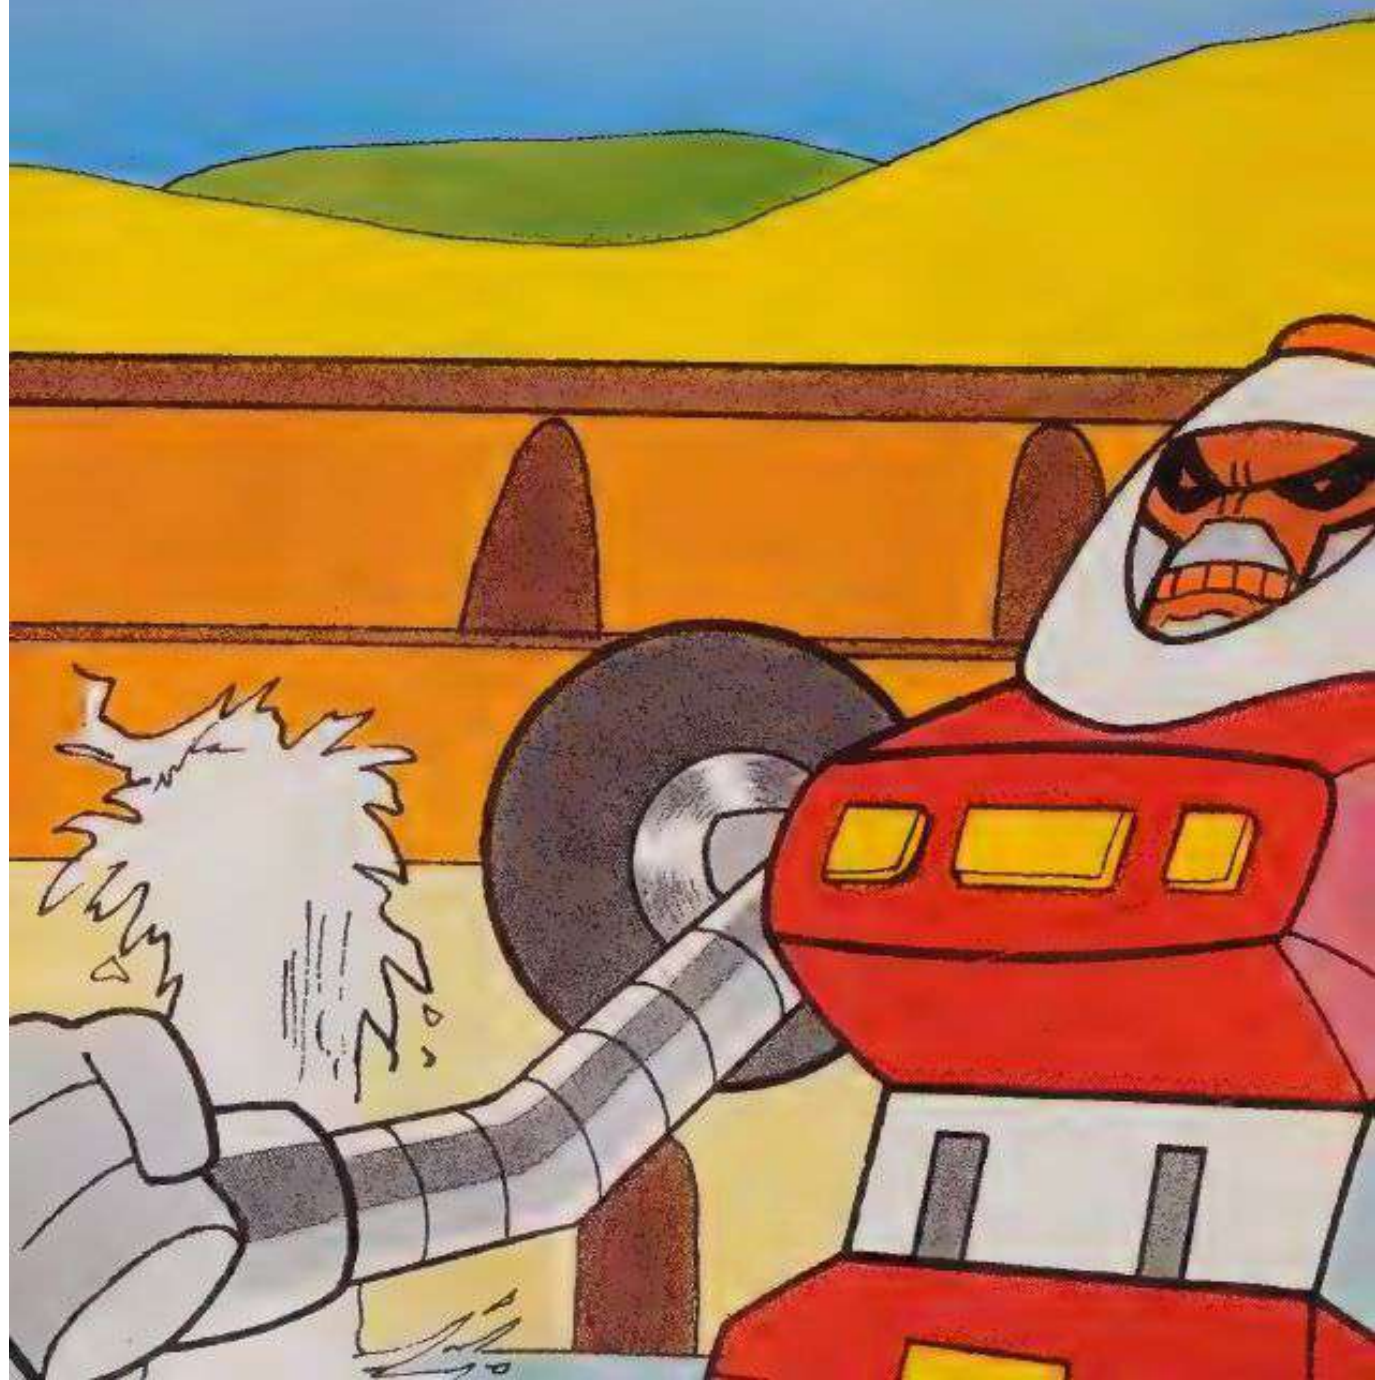

"He's trying to get away!" says Johnny, returning to the scene with his camera. He snaps and snaps as the injured Renegade tries to flee the scene of battle. Jim's eyes grow wide with amazement at the awesome sight of the furiously battling GoBots!

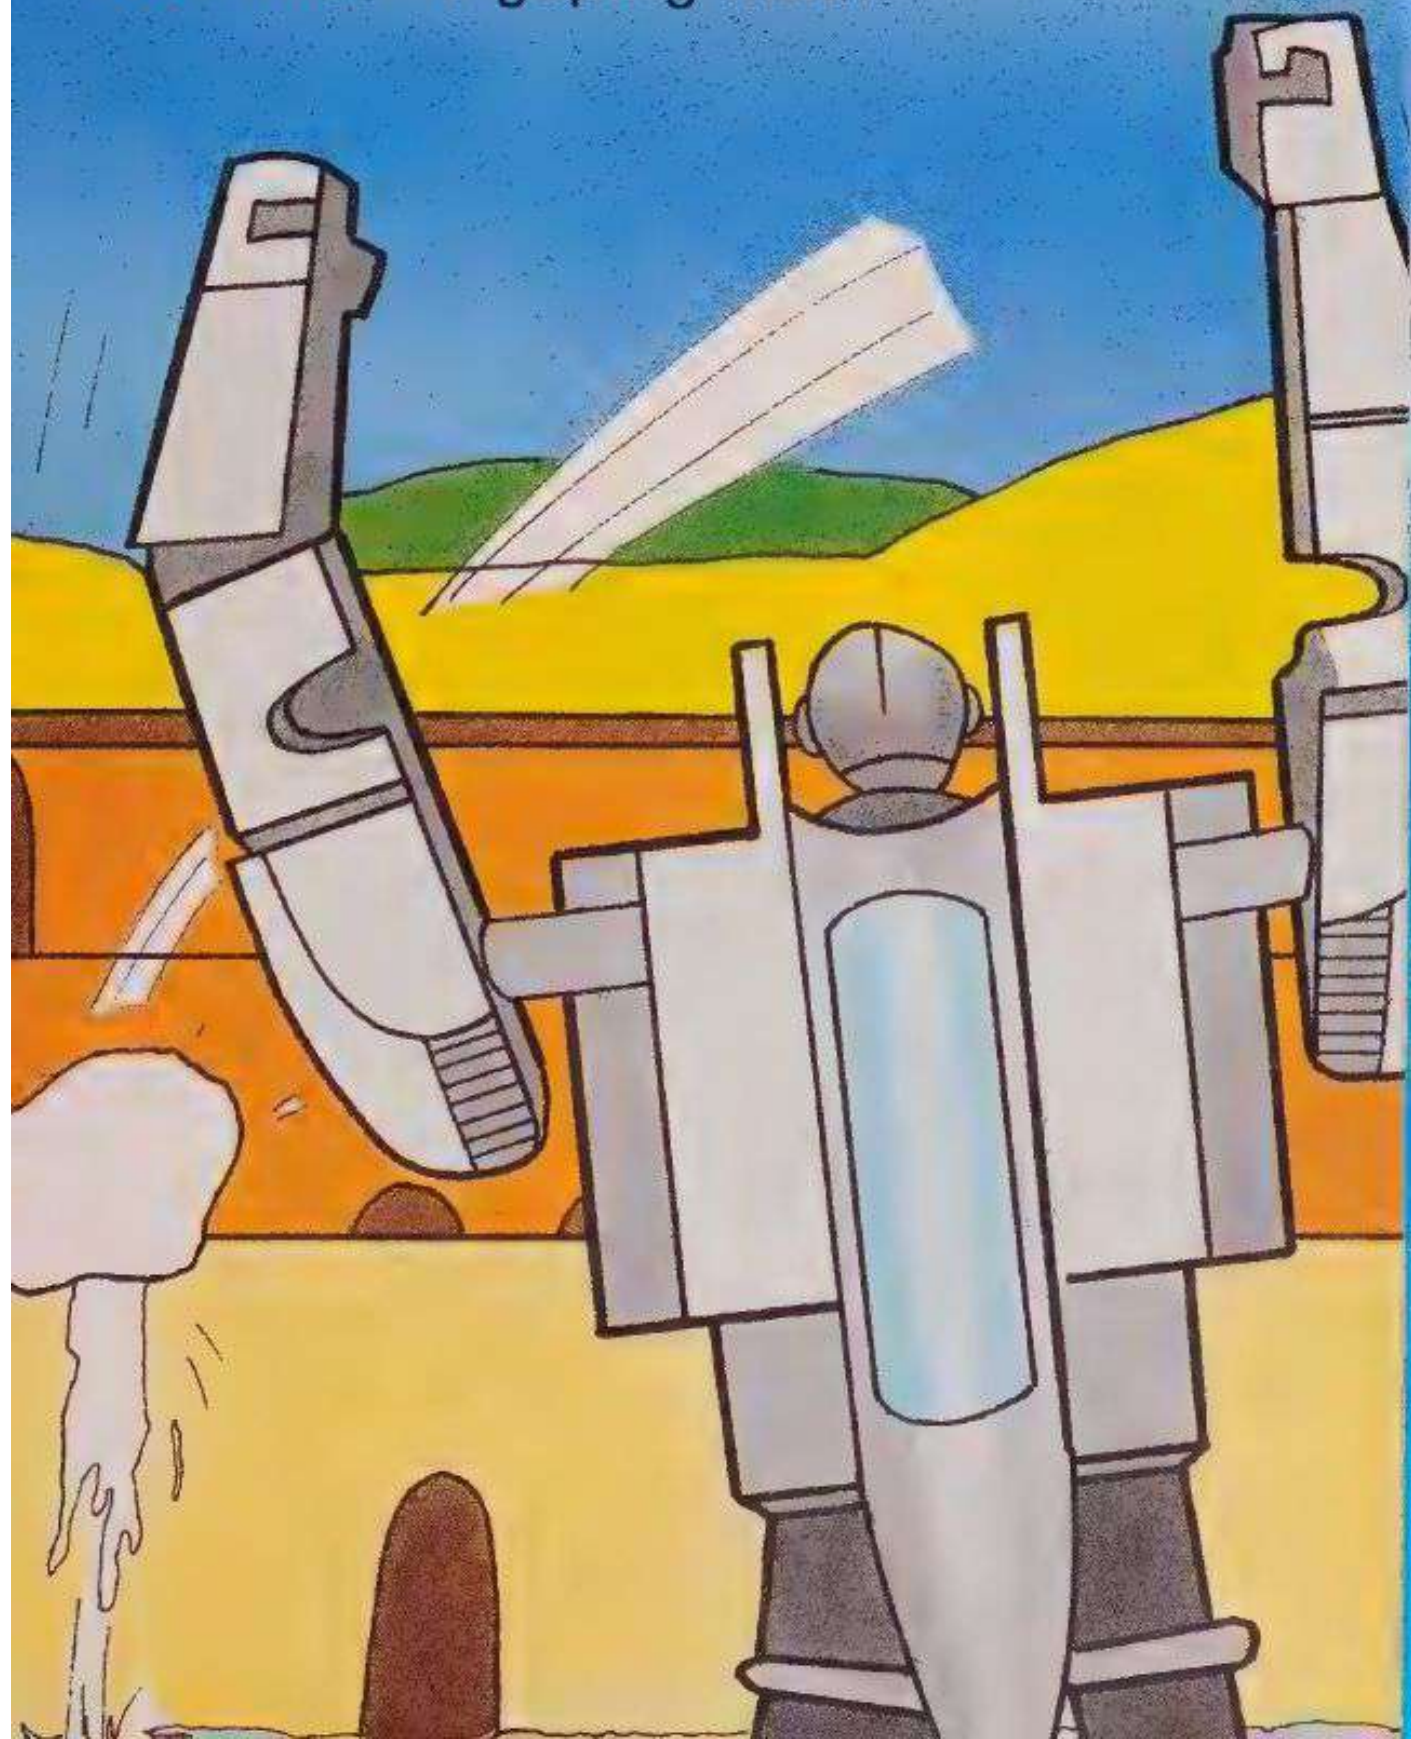

Cy-Kill takes a shot from Leader-1. He sees his evil GoBad accomplices are also hurt. He takes aim at the centre of the dam. "We are leaving!" he thunders, opening fire. "But we shall return to destroy the loathsome Guardians once and for all!"

Cy-Kill blasts a hole in the dam and follows the other Renegades as they speed off. A great spout of water arcs out over the valley floor. If the dam collapses, Johnny and Jim will be drowned, and Matt and A.J. will fall to their doom!

While the Renegades escape, Leader-1 acts quickly. He soars up the mountainside and scoops up a gigantic boulder from the top of a cliff. When the dam begins to crumble, he hurls the rock into the gaping hole!

The catastrophic flood is halted and Nick and Scooter pick up Johnny and Jim. "Oh no!" groans Johnny as they hurtle to safety. "I've forgotten to put film in my camera!"

"Don't worry," laughs Jim. "Just hang on and enjoy the ride!"

With Johnny and Jim safe, Turbo lifts Matt and A.J. to higher ground.

"Good work, Turbo," says Leader-1, changing shape. "Now let's see how fast we can rebuild this dam!"

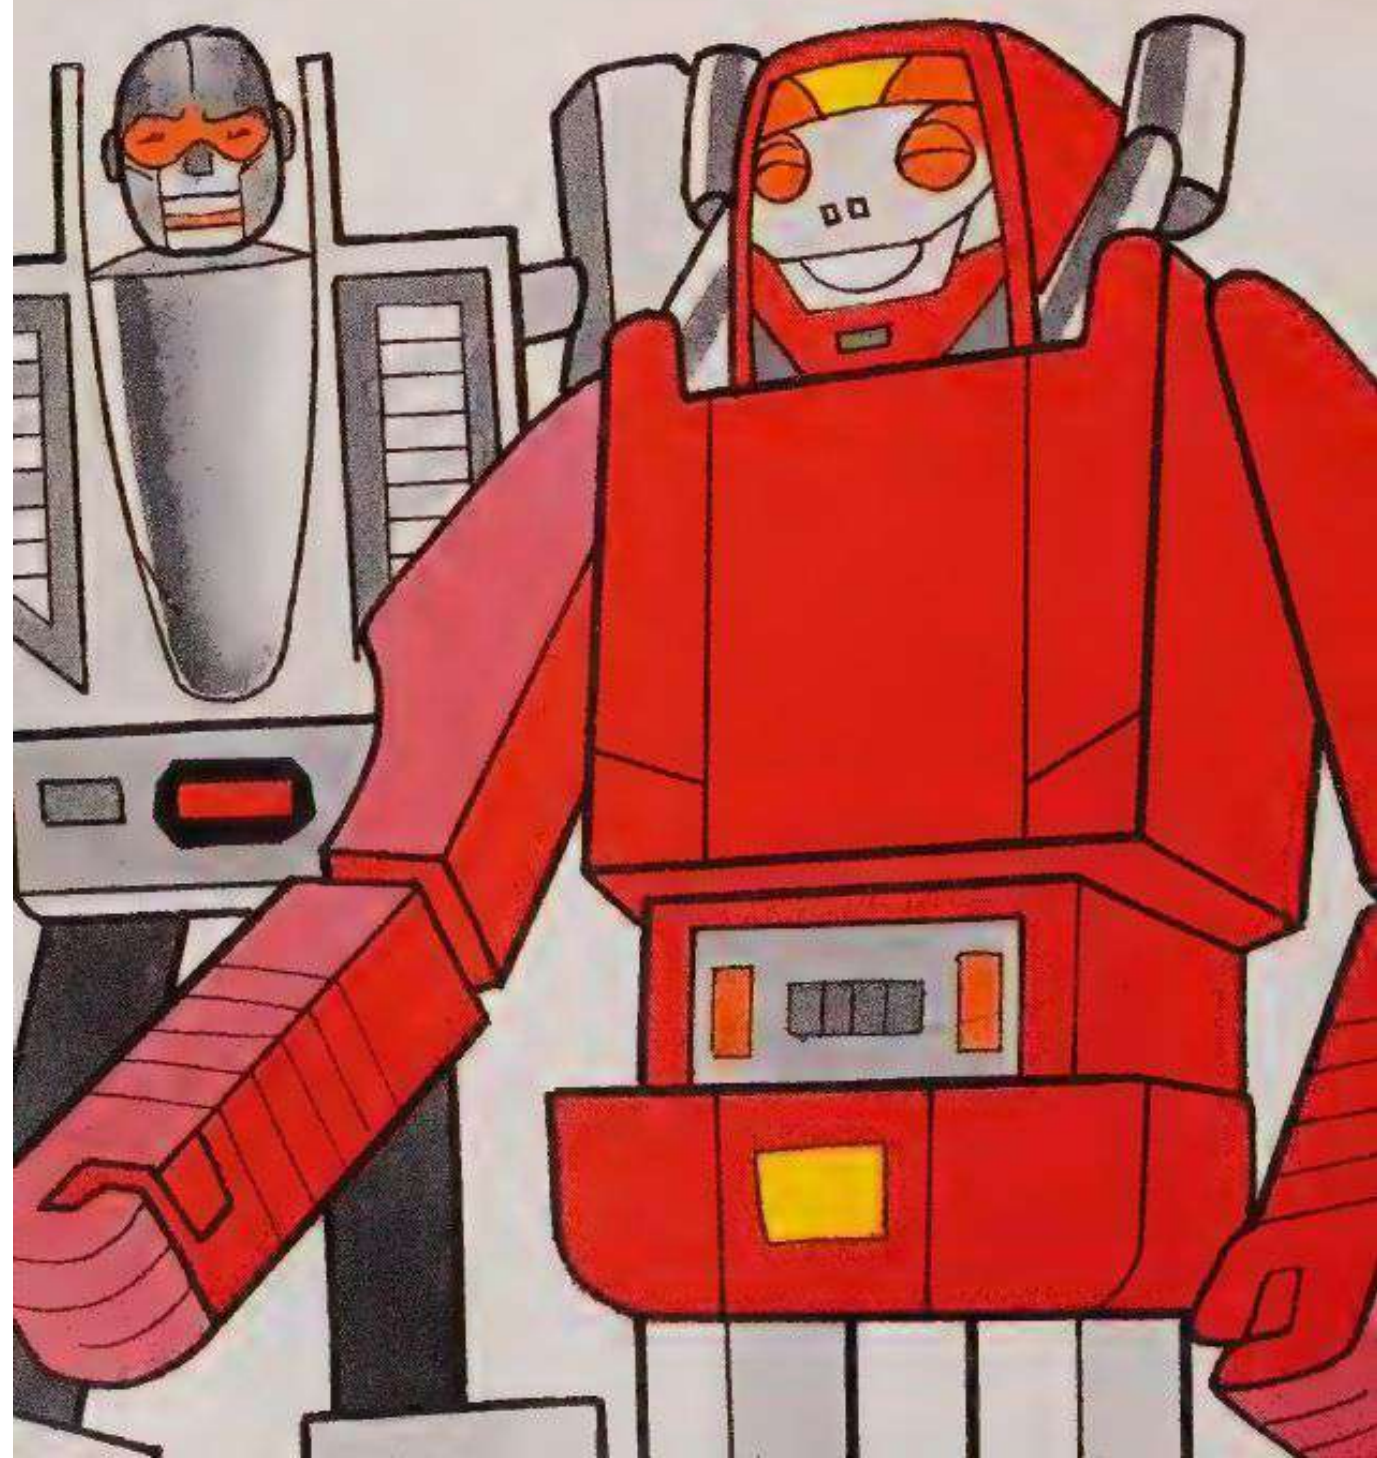

Scooter drops Nick with Matt and A.J., and he and Turbo join in.

Within the hour the magnificent dam has been fully restored.

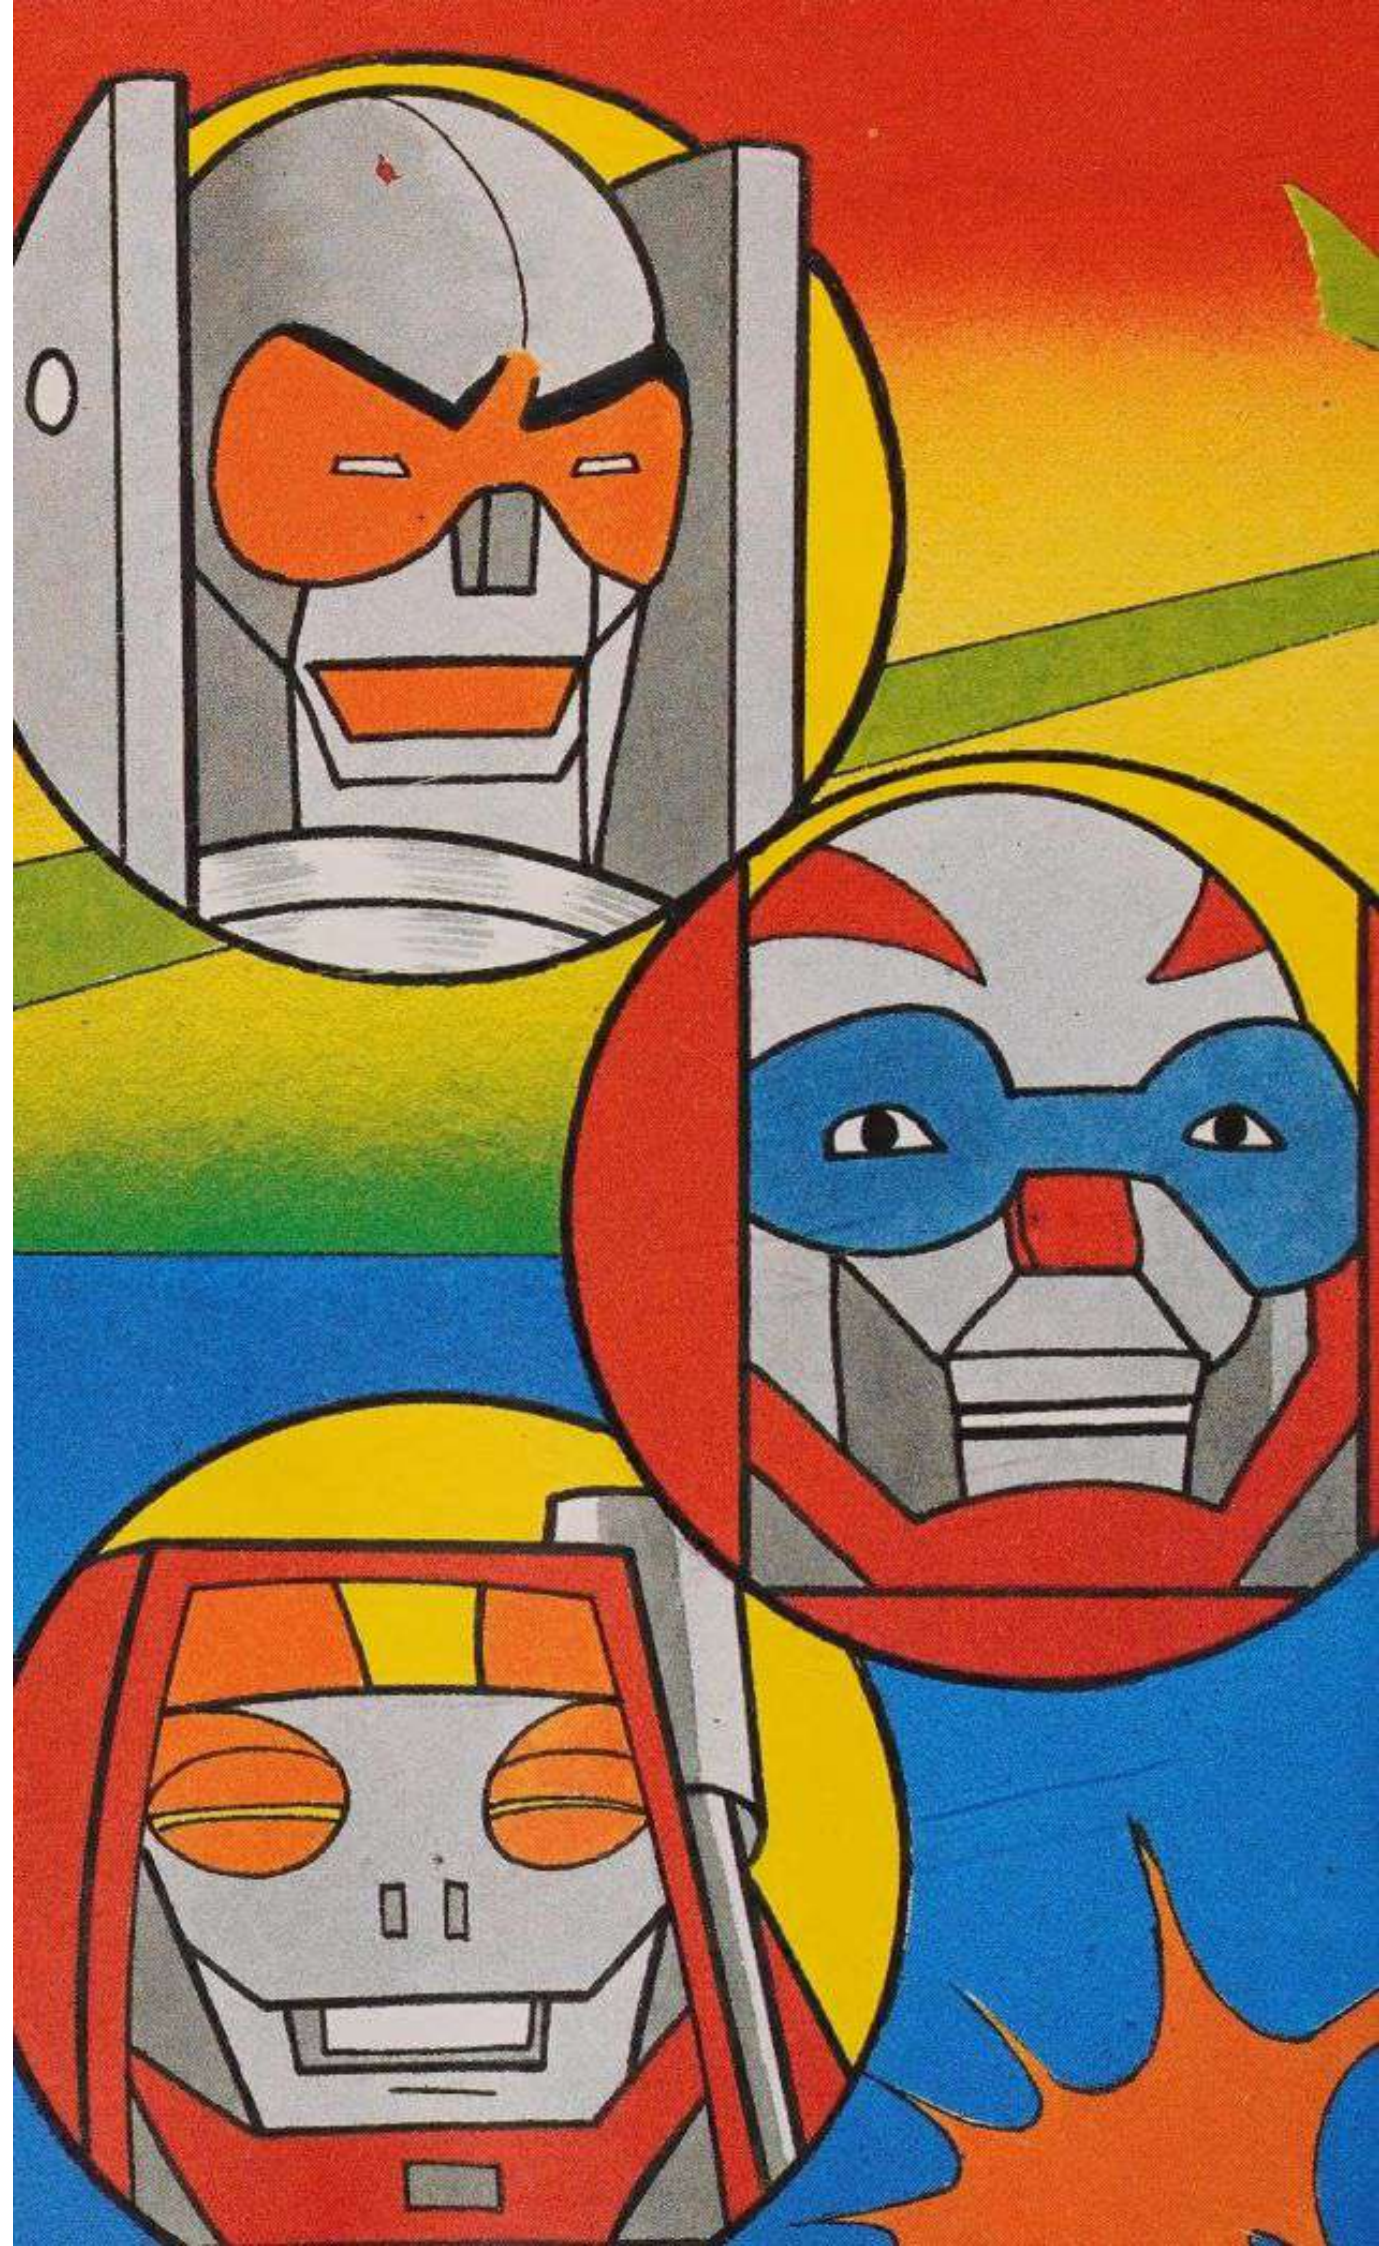

"Now no one will know we have been here," says Leader-1.

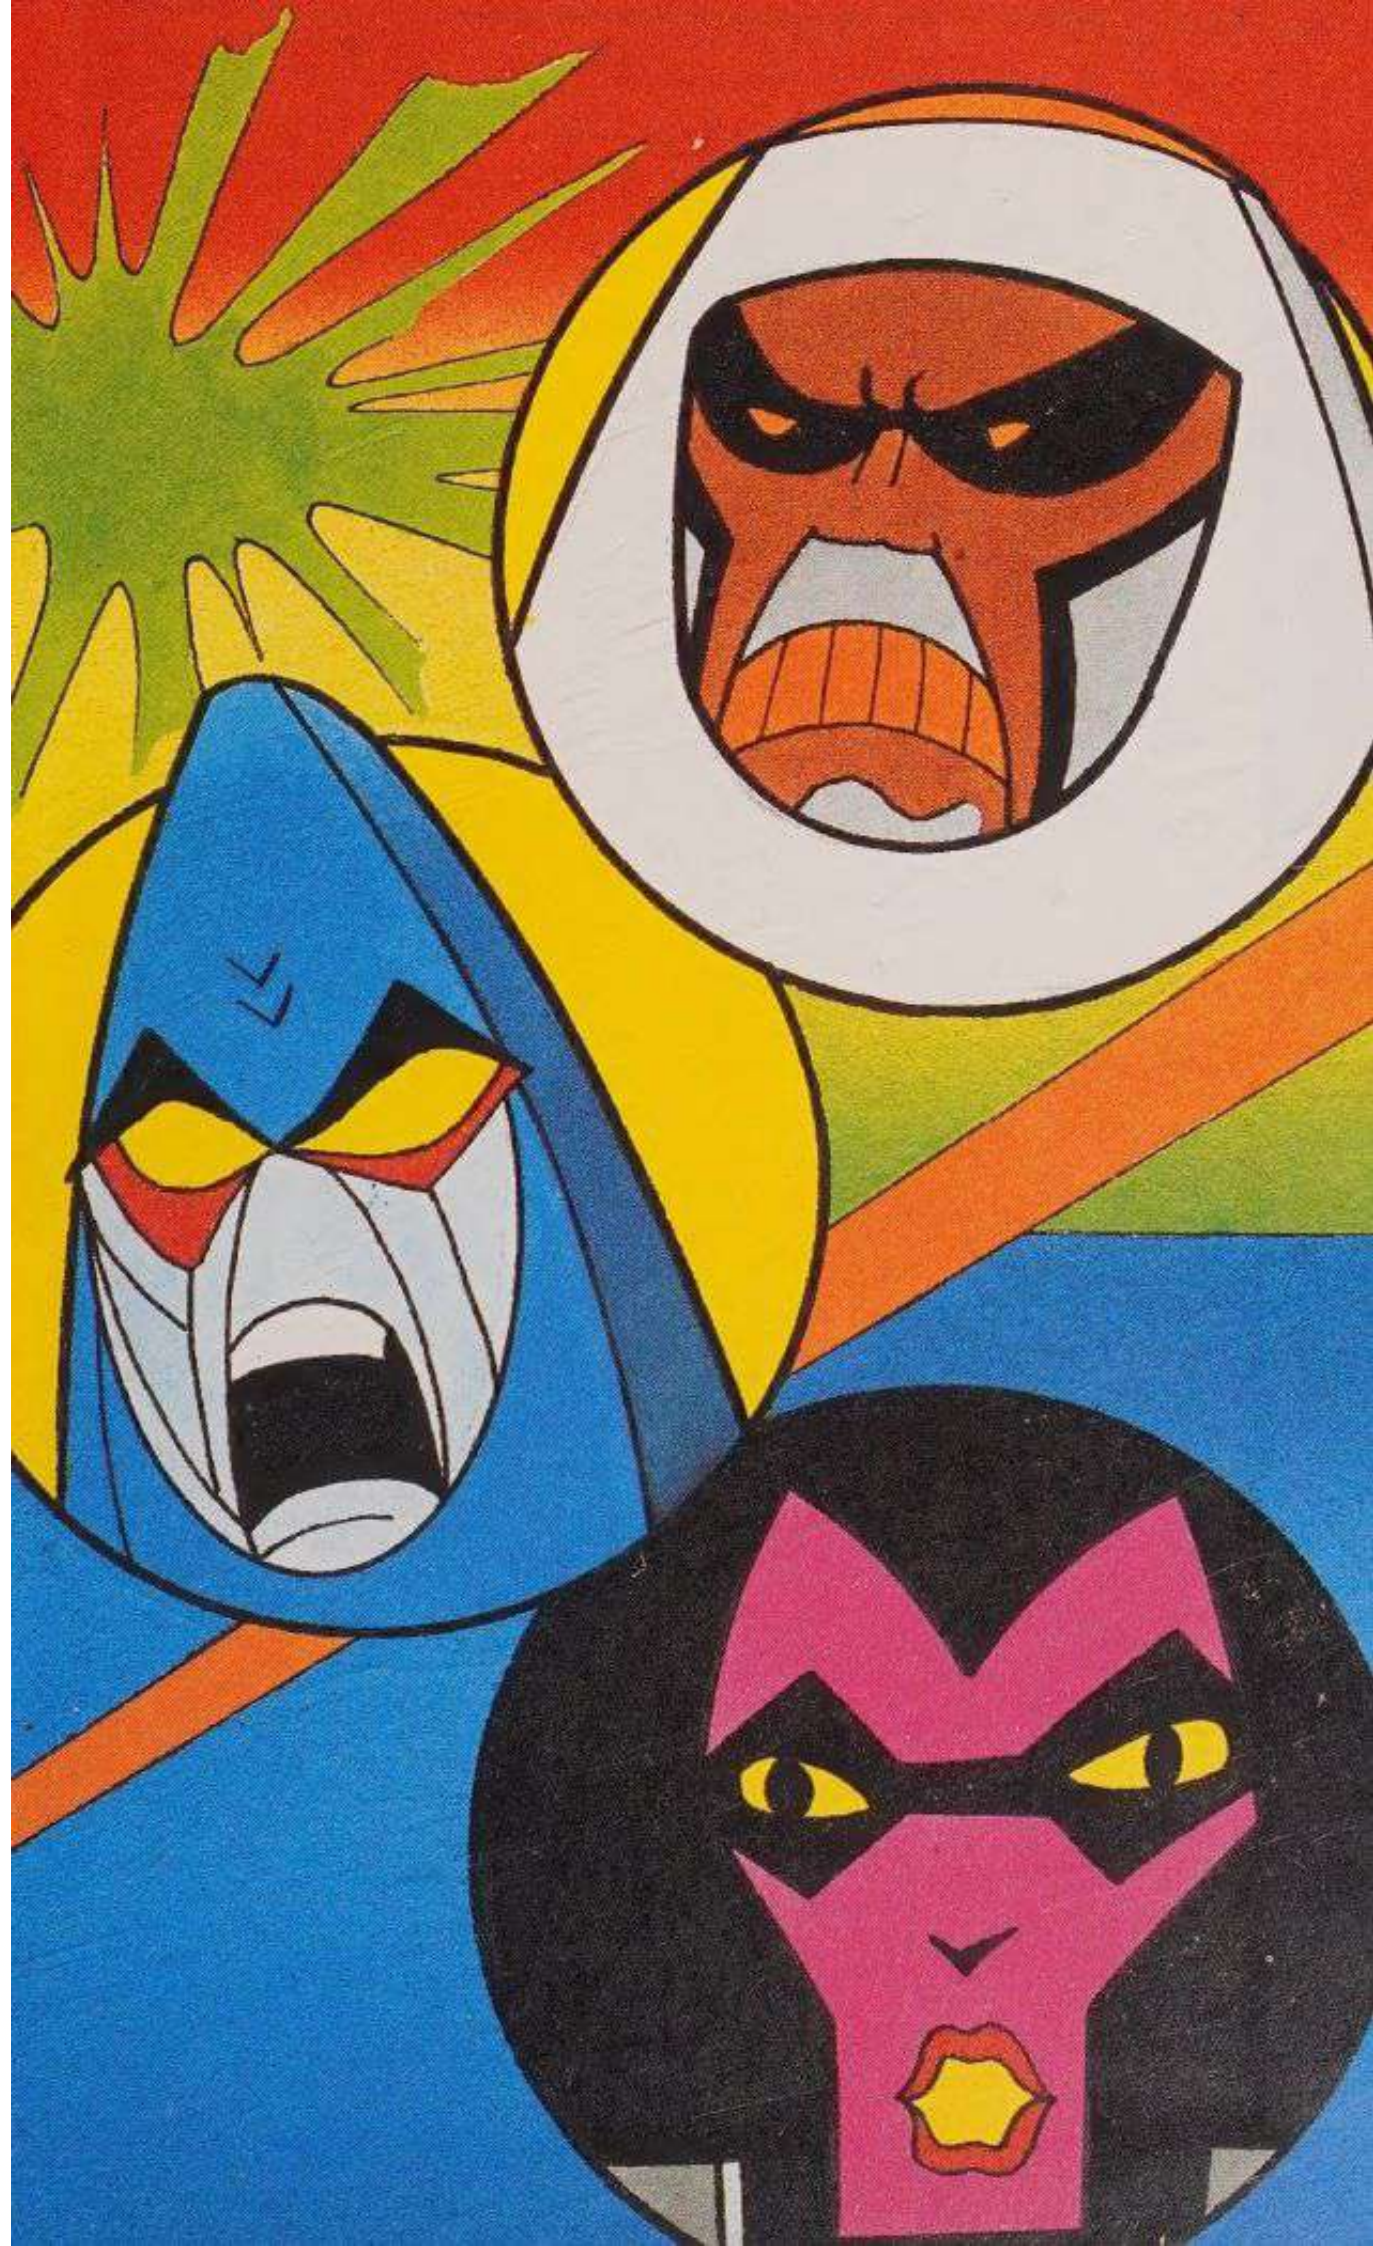

"Except for those boys," Scooter chips in. "And no grown-up will believe them!"

Back at the Command Centre, Leader-1 starts making new plans for the downfall of the Renegades. He knows the fight will be hard. For until the menace of the GoBot Renegades is removed for ever, neither Earth nor GoBotron is safe!
